Clearfield, Inc. Reports First Year of Profitability**Net Income of 13 cents per Share for Fiscal Year ended September 30, 2008**

- **Net Sales: \$23.5M, up 26% from previous year**
- **Gross Profit: \$7.85M, up 41% from previous year**
- **Net Income \$1.5M, or 13 cents per share, improved from a loss of \$2.9M from previous year**

MINNEAPOLIS--(BUSINESS WIRE)--December 15, 2008--Clearfield, Inc. (Nasdaq: CLFD) today announced results for the fiscal year ended September 30, 2008. The Company reported net income of \$1,514,000 compared to a loss of \$2,925,000 in the same period of the previous year. Key to the Company's strong performance is a combination of strong market acceptance of the FieldSmart product line and the associated improved gross margins that accompany it.

Revenue for the year was \$23,494,000 in comparison to \$18,697,000 for 2007, an increase of 26 percent. Gross profit was \$7,852,000 in comparison to \$5,573,000 for the earlier period, an increase of 41 percent.

Revenue for the fourth quarter was \$7,188,000 in comparison to \$5,390,000 for the similar period in 2007, an increase of 33 percent. Gross profit was \$2,529,000 in comparison to \$1,768,000 for the earlier period, an increase of 43 percent.

Comments on Operations

"Our strong financial performance is a testament to the dedicated energy and professionalism of the Clearfield employee community," commented Cheri Beranek Podzimek, president and CEO of Clearfield. "We aim to separate ourselves from our competition through the nimble execution of an aggressive business plan as well as a dedicated effort to listen to the specific needs of our customers and prospective clients and adjust accordingly."

“The Fiber to the Premise marketplace continues to offer growth opportunities for companies with technologies designed for the future of broadband deployment. FieldSmart is the only fiber management solution designed as a platform for the entire FTTH network. Our customers have recognized that a common platform, optimized for the deployment requirements of the inside plant, outside plant and access network, is crucial to lowering their operational costs associated with labor and installation.”

“The Company continues to have a very strong balance sheet. In October a settlement with Credit Suisse resulted in the sale of our Auction Rate Securities (ARS) to Credit Suisse for cash at par value. Excess cash is now invested in highly liquid U.S. Treasury instruments. While the future impact of the current economic environment is difficult to predict, we are encouraged by our results and the success of the FieldSmart product line in the past year.”

About Clearfield, Inc Clearfield, Inc., designs and manufactures FieldSmart – a modular fiber management platform using the patented Clearview Cassette as an “Any Application, Anywhere” multiplier to meeting the fiber management needs of the broadband service provider. Product lines include the latest generation Fiber Distribution System (FDS) for the inside plant, the Fiber Scalability Center (FSC) for the outside plant, and Fiber Delivery Points (FDP) for access networks. The FDS, FSC and FDP product lines support a wide range of panel configurations, densities, connectors and adapter options, and are offered alongside an assortment of passive optical components and a complete line of fiber and copper assemblies for indoor plant, outside plant and access environments. Clearfield is a public company, traded on Nasdaq:CLFD. www.ClearfieldConnection.com
