Comments on Operations

"Despite challenging economic conditions and the seasonal orientation of our business cycle, we are satisfied with the bottom line performance of the Company," says Cheri Beranek Podzimek, president & CEO of Clearfield. "Ongoing productivity measures within our manufacturing and procurement groups has resulted in a significant gain in gross profit despite our lower revenues. Moreover, bookings exceeded revenue for the quarter by more than \$500,000, resulting in a firm backlog for the upcoming quarter."

"While we have taken precautionary measures due to the economic slowdown, including the controlled reduction of inventory by \$535,000, we continue to make significant investments in product development and have earned strong approval from our clients with the introduction of a number of new products within the FieldSmart fiber management platform as well as our new WaveSmart product portfolio of powered optical signal products."

"While the specifics of the Broadband funding program within the economic stimulus package have yet to be defined, the Company is tracking and prepared to respond to these opportunities. As many of our clients and prospects are engaged in the process of applying for the associated grants and/or loans, the immediate outlook and long-term result of this program is unclear."

About Clearfield, Inc., designs and manufactures FieldSmart – a modular fiber management platform using the patented Clearview Cassette as an "Any Application, Anywhere" multiplier to meet the fiber management needs of the broadband service provider. Product lines include the latest generation Fiber Distribution System (FDS) for the inside plant, the Fiber Scalability Center (FSC) for the outside plant, and Fiber Delivery Points (FDP) for access networks. The FDS, FSC and FDP product lines support a wide range of panel configurations, densities, connectors and adapter options, and are offered alongside an assortment of passive optical components and a complete line of fiber and copper assemblies for indoor plant, outside plant and access environments. Clearfield is a public company traded on Nasdaq:CLFD. www.ClearfieldConnection.com
