"We continue to execute on our Better Broadband and Beyond strategy by focusing on our three core pillars: protecting our core Community Broadband business, leveraging our market position into new applications, and utilizing our core competencies to expand into adjacent markets," said Company President and Chief Executive Officer, Cheri Beranek. "As part of this strategy, we made the decision to divest our European Nestor Cables business. We made this technology acquisition in 2022 to establish North American cable manufacturing capabilities. Our goals of streamlining the manufacturing of cable and termination of cable assemblies in the same plant for ease of delivery and reduced cost have been met. We also are fully BABA and Made in America compliant."

"The European part of this business didn't meet our expectations and to improve the overall performance of the Company, we made the decision to divest and focus our efforts on higher-return opportunities in our North American markets. To that end, we are investing in sales development and expanding our distribution channels while introducing new products that we believe will begin to contribute to sales growth in fiscal 2026."

"We are pleased with our financial performance in the fourth quarter, with Clearfield net sales from continuing operations of \$41.1 million, up 13% year over year and a gross margin improvement of eight percentage points. Our revenue increase was driven by continued execution in our efforts to increase our share within the MSO and Large Regional carrier markets," said Chief Financial Officer, Dan Herzog. "Full year Clearfield net revenue from continuing operations of \$150.1 million was up 20% year over year while gross margins improved by over 13 percentage points. Our \$16.5 million in share repurchases during fiscal year 2025 underscores our confidence in our company's value and market opportunity, as evidenced by the size and scale of our buyback program. As a result, our Board of Directors has increased our share buyback authorization from \$65 million to \$85 million, providing us with \$28.4 million available for additional repurchases when added to the \$8.4 million repurchase amount remaining on September 30, 2025."

Financial Results for the Three Months Ended September 30, 2025

As announced earlier this month, Clearfield has sold its Nestor Cables business. As a result, all financial results are presented for the Clearfield segment continuing operations only, with Nestor results reported under discontinued operations in our Statement of Earnings and Statement of Cash Flows and reported as assets and liabilities held for sale in our Balance Sheet.

Clearfield net sales from continuing operations were \$41.1 million, up 13% from \$36.2 million in the prior year period. The increase in net sales was driven by increased sales in the MSO and Large Regional Service Provider markets.

As of September 30, 2025, order backlog (defined as purchase orders received but not yet fulfilled) was \$24.7 million, a decrease of \$6 million, or 20%, compared to \$30.7 million as of June 30, 2025, and an increase of \$1.9 million, or 9%, from September 30, 2024.

Clearfield gross margin from continuing operations improved from 26.6% to 34.6% in the fourth quarter of fiscal 2025 from the prior year quarter, driven by higher volume, increases in production efficiency from our continuous improvement programs, and lower excess inventory charges.

Operating expenses from continuing operations for the fourth quarter of fiscal 2025 increased 10% to \$13.3 million, or 32.3% of sales, from \$12.1 million, or 33.4% of sales, in the same year-ago quarter.

Net income from continuing operations totaled \$1.8 million, or \$0.13 per diluted share, compared to net loss of \$50,000, or \$(0.01) per diluted share, in the same year-ago quarter. The Company did not repurchase shares under its share repurchase program in the quarter.

Financial Results for the Year Ended September 30, 2025

Net sales from continuing operations were \$150.1 million, compared to \$125.6 million in fiscal year 2024, an increase of 20%. Our year-over-year and fourth quarter performance was driven by continued penetration of the MSO and Large Regional Service Provider markets.

Gross margin from continuing operations increased from 20.6% in fiscal year 2024 to 33.7%, reflecting improved overhead absorption with higher volume, increases in production efficiency from our continuous improvement programs, along with lower excess inventory charges as a result of improved inventory utilization and beneficial recoveries of previously reserved inventory.

Operating expenses from continuing operations in fiscal 2025 increased 7% to \$48.4 million from \$45.1 million in fiscal year 2024. As a percentage of sales, operating expenses decreased to 32.3% from 35.9% in fiscal year 2024.

Earnings per share from continuing operations were \$0.45, compared to a net loss per share of \$0.58 in fiscal year 2024. The significant year-over-year change was primarily driven by higher demand and improved gross margin.

Outlook

For fiscal 2026, the Company expects net sales from continuing operations to be in the range of \$160 million to \$170 million, operating expenses as a percentage of revenue to remain consistent with fiscal 2025, and net income per share to be in the range of \$0.48 to \$0.62. We expect the late start to the BEAD program and the recent government shutdown to pressure investments both from private funding as well as government programs in our Community Broadband market early in the year.

For the first quarter of fiscal 2026, Clearfield expects net sales from continuing operations to be in the range of \$30 million to \$33 million, total operating expenses to remain consistent with the fiscal fourth quarter of 2025 and net income (loss) per share to be in the range of (\$0.08) to \$0.00. We do not expect Nestor's results from discontinued operations through the date of sale to have a significant impact on net income (loss) per share in the first quarter and full fiscal year 2026. This outlook reflects our continued commitment to disciplined growth, operational efficiency, and prudent capital allocation. The net income (loss) per share ranges are based on the number of shares outstanding at the end of the fourth quarter and do not reflect potential share repurchases completed in fiscal 2026. Clearfield does not believe that tariffs currently in place will materially affect the Company's operating results.

Conference Call

Management will hold a conference call today, November 25, 2025, at 8:30 a.m. Eastern Time (7:30 a.m. Central Time) to discuss these results and provide an update on business conditions.

Clearfield's President and Chief Executive Officer, Cheri Beranek, and Chief Financial Officer, Dan Herzog, will host the presentation, followed by a question-and-answer period.

U.S. dial-in: 1-844-826-3033

International dial-in: 1-412-317-5185

Conference ID: 10203440

The live webcast of the call can be accessed at the Clearfield Investor Relations website along with the company's earnings press release and presentation.

A replay of the call will be available after 11:30 a.m. Eastern Time on the same day through December 9, 2025, while an archived version of the webcast will be available on the Investor Relations website for 90 days.

U.S. replay dial-in: 1-844-512-2921

About Clearfield, Inc.

Clearfield, Inc. (NASDAQ: CLFD) designs, manufactures, and distributes fiber optic management, protection, and delivery solutions that play a critical role in enabling broadband operators to close the digital divide. Our labor lite, craft-friendly platform is leveraged by community broadband, MSOs, incumbent service providers, ISPs, data centers, military, municipalities, and coops - from homes passed to homes connected faster and more efficiently. Headquartered in Minneapolis, MN, Clearfield deploys more than a million fiber ports each year. For more information, visit www.SeeClearfield.com.

Cautionary Statement Regarding Forward-Looking Information

Forward-looking statements contained herein and in any related presentation or in the related Earnings Presentation are made pursuant to the safe harbor provisions of the Private Litigation Reform Act of 1995. Words such as "may," "plan," "expect," "aim," "believe," "project," "target," "anticipate," "intend," "estimate," "will," "should," "could," "outlook," or "continue" or comparable terminology are intended to identify forward-looking statements. Such forward looking statements include, for example, statements about the Company's future revenue and operating performance, the development and marketing of new products, the impact of recent trade policy changes, including new and increased tariffs, retaliatory tariffs, trade disputes, and market and economic reactions to such changes, expected customer ordering patterns and future supply agreements with customers, anticipated shipping on backlog and future lead times, future availability of components and materials from the Company's supply chain, compliance with Build America Buy America (BABA) Act requirements, the impact of the Broadband Equity, Access, and Deployment (BEAD) Program, Rural Digital Opportunity Fund (RDOF) or other government programs on the demand for the Company's products or timing of customer orders, the Company's ability to match capacity to meet demand, expansion into new markets and trends in and growth of the FTTx markets, market segments or customer purchases, and other statements that are not historical facts. These statements are based upon the Company's current expectations and judgments about future developments in the Company's business. Certain important factors could have a material impact on the Company's performance, including, without limitation: we depend on the availability of sufficient supply of certain materials and global disruptions in the supply chain for these materials could prevent us from meeting customer demand for our products; we rely on single-source suppliers, which could cause delays, increase costs or prevent us from completing customer orders; changes in trade policy in the U.S. and other countries may adversely affect our business and results of operations; inflationary price pressures and uncertain availability of components, raw materials, labor and logistics used by us and our suppliers could negatively impact our profitability; a significant percentage of our sales in the last three fiscal years have been made to a small number of customers, and the loss of these major customers could adversely affect us; further consolidation among our customers may result in the loss of some customers and may reduce sales during the pendency of business combinations and related integration activities; our business is dependent on interdependent management information systems; we may be subject to risks associated with acquisitions, and the risks could adversely affect future operating results; adverse global economic conditions and geopolitical issues could have a negative effect on our business, and results of operations and financial condition; product defects or the failure of our products to meet specifications could cause us to lose customers and sales or to incur unexpected expenses; we are dependent on key personnel; cyber-security incidents, including ransomware, data breaches or computer viruses, could disrupt our business operations, damage our reputation, result in increased expense, and potentially lead to legal proceedings; natural disasters, extreme weather conditions or other catastrophic events could negatively affect our business, financial condition, and operating results; to compete effectively, we must continually improve existing products and introduce new products that achieve market acceptance; our business is dependent upon capital spending by broadband service providers, and any delay, reduction or cancellation in capital spending by broadband service providers could adversely affect our business; if the telecommunications market does not continue to expand, our business may not grow as fast as we expect, which could adversely impact our business, financial condition and operating results; changes in U.S. government funding programs may cause our customers and prospective customers to delay, reduce, or accelerate purchases, leading to unpredictable and irregular purchase cycles; intense competition in our industry may result in price reductions, lower gross profits and loss of market share; our success depends upon adequate protection of our patent and intellectual property rights; we face risks associated with expanding our sales outside of the United States; our operating results may fluctuate significantly from quarter to quarter, which may make budgeting for expenses difficult and may negatively affect the market price of our common stock; our stock price has been volatile historically and may continue to be volatile - the price of our common stock may fluctuate significantly; anti-takeover provisions in our organizational documents, Minnesota law and other agreements could prevent or delay a change in control of our Company; and other factors set forth in Part I, Item IA. Risk Factors of Clearfield's Annual Report on Form 10-K for the year ended September 30, 2024 as well as other filings with the Securities and Exchange Commission. The Company undertakes no

obligation to update these statements to reflect actual events unless required by law.
